Hi Cami. See attached for my comments and suggested edits. I also incorporated elements of the PSU survey that we discussed on Thursday.

Subject: my latest draft of information for the briefing package

Is attached. My goal for this document is to tell the story of Portland Harbor as well as get some messages on known lightening rod issues. I hope to use it to develop briefing materials for Dennis and Dick as well as develop talking points for the various meetings we have over the next couple months (messages for Congressional visits, for upcoming Exec meetings, our external outreach). Please let me know what I've missed, what needs to be better messaged, what is too much, etc.

Happy long weekend!
